Report received and [illegible]

The engineer reported that immediate repair was required to the bridge over at the Big Hill, the water tables of which

are cutting away. The necessary repairs could be now effected for £60 &c.
Also that he had inspected the road through Tyler's and found the surface of road since the repairs were made to be in a very passable state, the only fear being drainage or being at all so [illegible] the [illegible] on where the buildings [illegible] of the wall leaving a [illegible] for traffic. The drain [illegible] arms of the houses on the S.W. side [illegible] are causing a great nuisance now [illegible] to the surface.
A tracing of [illegible] accompanies the report. [illegible] repair of Cordeaux Bridge [illegible] body, and the contract [illegible] completed.
