

DESCRIPTION OF MUNICIPALITY

Loddon Shire Council is located in central Victoria, about 175 kilometres north-west of Melbourne. It is bounded by the Gannawarra Shire in the north, Shire of Campaspe and City of Greater Bendigo in the east, Mount Alexander Shire and Central Goldfields Shire in the south, and Northern Grampians Shire and Buloke Shire in the west.

Loddon Shire Council is a predominantly rural area, with many small towns and communities. The largest towns are Boort, Bridgewater on Loddon, Inglewood, Pyramid Hill, and Wedderburn.

The Shire encompasses a total land area of about 6,700 square kilometres. Land is used mainly for agriculture and horticulture, particularly grain, sheep, wool, beef cattle, dairy, pigs and poultry. In recent years, there has also been an increase in viticulture, olives, and fodder crops.

The primary source of employment in the Shire is agriculture, forestry and fishing with 37 per cent of employed residents working in those fields, while 10 per cent work in health care and social assistance, seven per cent in retail trade, and five per cent in public administration and safety.

SUSTAINABILITY CAPACITY INDICATORS

Indicator/measure	Results					
	2016	2017	2018	2019		
Indicator: Population						
Measure: Expenses per head of municipal population	\$3,657	\$3,763	\$4,502	\$5,919		
Computation: Total expenses/Municipal population						
Material variations: Gradual increases to expenditure over the	four year pe	riod with popu	ılation remair	ning steady.		
Year three and four have a higher increase as a result of extra	works underta	aken for flood	restoration p	rojects.		
Indicator: Population						
Measure: Infrastructure per head of municipal population	\$40,202	\$39,764	\$43,768	\$45,810		
Computation: Value of infrastructure/Municipal population						
Material variations: Gradual increase to infrastructure valuation	n over the ful	I four year pe	riod with pop	ulation		
remaining steady.						
Indicator: Population						
Measure: Population density per length of road	1.54	1.60	1.59	1.59		
Computation: Municipal population/Kilometres of local roads						
Material variations: No material variations.						
Indicator: Own-source revenue						
Measure: Own source revenue per head of municipal	\$1,815	\$1,796	\$1,868	\$1,904		
population	Ψ1,010	\$1,790	φ1,000	Ψ1,504		
Computation: Own-source revenue/Municipal population						
Material variations: No material variations.						
Indicator: Recurrent grants						
Measure: Recurrent grants per head of municipal population	\$1,462	\$2,180	\$1,836	\$1,851		
Computation: Recurrent grants/Municipal population						
Material variations: Recurrent grants have remained steady for	or 2018 and 2	019 due to th	e continued 5	0% upfront		
timing of the Victoria Grants Commission funding. 2017 had a f	ull yearly allo	cation plus a	further 50% ι	ıpfront.		
Indicator: Disadvantage						
Measure: Relative socio-economic disadvantage	1	2				
Computation: Index of relative socio-economic disadvantage	'	_				
by decile						
Material variations: 2018 saw the indicator move from one to two, it has remained steady at that indicator.						

Definitions:

- "adjusted underlying revenue" means total income other than:
- (a) non-recurrent grants used to fund capital expenditure; and
- (b) non-monetary asset contributions; and
- (c) contributions to fund capital expenditure from sources other than those referred in paragraphs (a)
- "infrastructure" means non-current property, plant and equipment excluding land
- "local road" means a sealed or unsealed road for which the council is the responsible road authority under the *Road Management Act 2004*
- "population" means the resident population estimated by council
- "own-source revenue" means adjusted underlying revenue other than revenue that is not under the control of council (including government grants)
- "relative socio-economic disadvantage", in relation to a municipality, means the relative socio-economic disadvantage, expressed as a decile for the relevant financial year, of the area in which the municipality is located according to the Index of Relative Socio-Economic Disadvantage (Catalogue Number 2033.0.55.001) of SEIFA
- "SEIFA" means the Socio-Economic Indexes for Areas published from time to time by the Australian Bureau of Statistics on its Internet website.
- "unrestricted cash" means all cash and cash equivalents other than restricted cash.

FINANCIAL PERFORMANCE INDICATORS (Continued)

Definitions:

- "adjusted underlying revenue" means total income other than:
- (a) non-recurrent grants used to fund capital expenditure; and
- (b) non-monetary asset contributions; and
- (c) contributions to fund capital expenditure from sources other than those referred to in paragraphs (a) and (b)
- "adjusted underlying surplus (or deficit)" means adjusted underlying revenue less total expenditure
- "asset renewal expenditure" means expenditure on an existing asset or on replacing an existing asset that returns the service capability of the asset to its original capability
- "current assets" has the same meaning as in the AAS
- "current liabilities" has the same meaning as in the AAS
- "non-current assets" means all assets other than current assets
- "non-current liabilities" means all liabilities other than current liabilities
- "non-recurrent grant" means a grant obtained on the condition that it be expended in a specified manner and is not expected to be received again during the period covered by a council's Strategic Resource Plan
- "own-source revenue" means adjusted underlying revenue other than revenue that is not under the control of council (including government grants
- "population" means the resident population estimated by council
- "rate revenue" means revenue from general rates, municipal charges, service rates and service charges
- "recurrent grant "means a grant other than a non-recurrent grant
- "residential rates" means revenue from general rates, municipal charges, service rates and service charges levied on residential properties
- "restricted cash" means cash and cash equivalents, within the meaning of the AAS, that are not available for use other than for a purpose for which it is restricted, and includes cash to be used to fund capital works expenditure from the previous financial year
- "unrestricted cash" means all cash and cash equivalents other than restricted cash.

OTHER INFORMATION

Basis of preparation

Council is required to prepare and include a Performance Statement within its Annual Report. The Performance Statement includes the results of the prescribed sustainability capacity, service performance and financial performance indicators and measures together with a description of the municipal district and an explanation of material variations in the results. This statement has been prepared to meet the requirements of the *Local Government Act 1989* and Local Government (Planning and Reporting) Regulations 2014.

Where applicable, the results in the Performance Statement have been prepared on accounting bases consistent with those reported in the Financial Statements. The other results are based on information drawn from Council information systems or from third parties (e.g. Australian Bureau of Statistics).

The Performance Statement presents the actual results for the current year and for the prescribed financial performance indicators and measures, the results forecast by Council's Strategic Resource Plan. The Local Government (Planning and Reporting) Regulations 2014 requires explanation of any material variations in the results contained in the Performance Statement. Council has adopted materiality thresholds relevant to each indicator and measure and explanations have not been provided for variations below the materiality thresholds unless the variance is considered to be material because of its nature.

The forecast figures included in the Performance Statement are those adopted by Council in its Strategic Resource Plan on 25 June 2019 and which forms part of the Council Plan. The Strategic Resource Plan includes estimates based on key assumptions about the future that were relevant at the time of adoption and aimed at achieving sustainability over the long term. Detailed information on the actual financial results is contained in the General Purpose Financial Statements. The Strategic Resource Plan can be obtained by contacting Council.

Independent Auditor's Report

To the Councillors of Loddon Shire Council

Opinion

I have audited the accompanying performance statement of Loddon Shire Council (the council) which comprises the:

- description of municipality for the year ended 30 June 2019
- sustainable capacity indicators for the year ended 30 June 2019
- service performance indicators for the year ended 30 June 2019
- financial performance indicators for the year ended 30 June 2019
- other information for the year ended 30 June 2019 (basis of preparation)
- certification of the performance statement.

In my opinion, the performance statement presents fairly, in all material respects, the performance of the council for the year ended 30 June 2019, in accordance with the performance reporting requirements of Part 6 of the Local Government Act 1989.

Basis for Opinion

I have conducted my audit in accordance with the Audit Act 1994 which incorporates the Australian Standards on Assurance Engagements. I further describe my responsibilities under that Act and those standards in the Auditor's Responsibilities for the Audit of the Performance Statement section of my report.

My independence is established by the Constitution Act 1975. My staff and I are independent of the council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the performance statement in Victoria. My staff and I have also fulfilled our other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Councillors' responsibilities for the performance statement

The Councillors of the council are responsible for the preparation and fair presentation of the performance statement in accordance with the performance reporting requirements of the Local Government Act 1989, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the statement of performance that is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the performance statement

As required by the Audit Act 1994, my responsibility is to express an opinion on the performance statement based on the audit. My objectives for the audit are to obtain reasonable assurance about whether the performance statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Standards on Assurance

Level 31 / 35 Collins Street, Mellbourne Vic 3000 T 03 8601 7000 enquiries@audit.vic.gov.au www.audit.vic.gov.au Engagements will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of this performance

As part of an audit in accordance with the Australian Standards on Assurance Engagements, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the performance statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the council's internal control
- evaluate the overall presentation, structure and content of the performance statement, including the disclosures, and whether the performance statement represents the underlying events and results in a manner that achieves fair presentation.

I communicate with the Councillors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
