Minutes of an ~~adjourned~~ ordinary monthly meeting of the Moreton Shire Council held in the Sale Hall Wedderburn on Thursday the 24th March 1892.

Present

Cr. Coutts president in the Chair Crs Catto Redwood Gray Ross & Clark Procter Chalmers & Laidlaw.

Minutes of previous meeting were read & confirmed

Cr. Procter asked leave to introduce a deputation from the area of the Avoca Water Trust in the North Riding. The president agreed & two letters in which had been postponed from the December meeting were read asking that Council pay the interest due on a/c of the Avoca Trust and that the amount be charged against the estimates for work proposed to be undertaken by the Council in that area. The Deputation was then introduced to the President & Council & consisted of Messrs Millar Churchill Slattery & others. The two former urged the Council to comply with the request contained in the letters.

Cr. Procter moved that the prayers of the petitioners be granted, he had always opposed till the Council had agreed to pay the Avoca Trust Interest. When he considered the present applicants were entitled to the same concession.

The Secretary read his forecast valuation from which it appeared that the interest amounted to £78 only though the Road Revenue was collecting considerably more

Cr McGarr supported the motion as did also Cr Laidlaw & Ross though Cr Laidlaw preferred having a distinct

clause

Minutes of an ~~adjourned~~ ordinary monthly meeting of the Roxburghshire Council held in the Sheriff Hall Wedderburn on Thursday the 24th March 1892.

Present

Mr Coutts President in the Chair Mrs Batts Redwood Gray Ross & Clark Procter Chalmers & Laidlaw

Minutes of previous meeting were read & confirmed

Cr Procter asked leave to introduce a deputation from the area of the Avoca Water Trust in the North Riding. The President agreed & two letters in which had been postponed from the December meeting were read asking that Council pay the interest due on a/c of the Avoca Trust and that the amount be charged against the estimates for work proposed to be undertaken by the Council in that area. The deputation was then introduced to the President & Council & consisted of Messrs Miller Churchill Slattery & others. The two former urged the Council to comply with the requests contained in the letters.

Cr Procter moved that the prayers of the petitioners be granted, he had always opposed till the Council had agreed to pay the 2d door Trust interest. When he considered the present applicants were entitled to the same concession.

The Secretary read his form of valuation from which it appeared that the interest amounted to £78 only though the Road Board was collecting considerably more

Mr McGregor supported the motion as did also Mr Laidlaw & Rose though Mr Laidlaw proposed moving a deputation

[illegible]

claim made. The President also favoured the proposal to obtain an exact statement before making any promise. Cr Procter urged payment of the Rate as Ratepayers were now threatened with proceedings for the Current Rate.

Cr Chalmers suggested adopting the plan taken in the case of the London Trust and it was ultimately moved by Cr Procter and seconded by Cr Fay

"That the Council promise to pay one years Interest "and sinking fund due on account of "the Avoca Water Trust loans, Conditionally "that the amount be deducted from any "money on the estimates for expenditure in "the Water Trust area."

Carried

The Hon David Coutts here entered the Council Chamber & was accomodated with a seat at the table.

Cr Procter presented a memorial praying for the Cleaning out of Murphys dam in the North Riding.

In reply to the President it was admitted the dam was within the Trust area but upon a main road.

Cr Procter
Cr Fay

That the matter be left in hands of North Riding members

Cr Laidlaw was favourable to cleaning out the silt but not to enlarging the dam. The motion was altered to provide for cleaning out the dam at a cost not exceeding £20 & Carried

Correspondence was then proceeded to as follows

1 Messrs Roberts & Shand for repairs to road near Shands Mill Chargeas

Notice will be given

2 Chas Mason stating that he had travelled 50 miles for purpose of releasing a horse from Charlton pound & on arrival found the animal had escaped & he desired to know whether the Council is responsible. The Secretary had replied that the pound keeper is responsible for neglect of duty or carelessness.

3 H Guy forwarding Cheque for £3 half years rent due via Weighbridge & disclaiming any responsibility for back years rent

Mr Webb the previous lessee owed £7 for rent during year 1891. & the Secretary was instructed to threaten him with proceedings for its recovery.

5 Joseph A Perrin for an extension of time on his Contract at Woorang. granted.

6 A Dudley C.P.B inquiring whether Council had excised any part of the land held by Messrs Luth & Co on Charlton side of river Avoca. There was no record in the Office and the Engineer was instructed to apply for the land required for road and send a tracing to the Lands Department.

11 Jas Kay offering to light lamps on Korong Hill at reduced rate of 2/ per lamp if allowed to continue Contract.

Tenders to be called at next meeting

12 Secretary Free Library Burkes Flat applying for a donation to that Institution.

Cr Batts
Cr Redwood } That the sum of £2.. 2.. 0 be voted out of the Presidents allowance.

13 Jas Willis for further extension on his contract Jeanugroon. Granted

14 Jas O'Keefe stating that as the Charlton Weighbridge had been idle since the beginning of the year his lease of 12 months should be allowed to commence from date or else fresh tenders should be called.
Council agreed to his request & ordered a notice to be put in papers to the effect that the bridge has been repaired & is now ready for public use.

15 Morgan Bonnell complaining that Central Riding members had limited his supply to 200 gal of water from Browns tank per day while others were allowed more. Received the tank being now almost dry.

16 H. W. Donaldson asking Council to fence half the line between the Nardoo Dam Reserve and his land adjoining
Council agreed

17 J. Page submitting resolutions adopted at a public meeting Burkes Flat. To ask Council to provide Branding yards for the Farmers Burkes Flat and to clear dead wood off the roads in this District
Secretary to reply

No funds available for the yard.
Notice & instructions as to the roads will be given later on.

18 Per Malcolm McInnes Charlton renewing his application for erection of bridges across the drain opposite his place.
After some discussion during which it was admitted that Council had provided a crossing in the same street & that the channel was exceptionally deep. Cr Chalmers moved that Council supply the timber for a crossing in this case but that it cannot be regarded as a precedent for future applications seconded by Cr Procter & Carried

19 John Lyons for an extension of drains on Avoca Forest road.
Ordered to be done Engineer to attend to same.

20 H. Crisp renewing claim of £7.. 6.. 8 payment for extra work done on contract near Hamilton's & Spiers Kingparrel
Cr Laidlaw & Cr Chalmers } Ordered to be paid

23 Harry Shillinglaw of the Pharmacy Board Victoria objecting to distribution of poisons by the Council. The Secretary thought Council was entitled by the act to a license to sell. It was finally agreed to remit the question to the N. W. Municipal Association.

24 Borough of Kew asking Council's assistance in having Clause 55 of Act 1891 repealed so as to restore the minimum annual valuation of Rateable property to 5%. Received

26 Public Health Department respecting the Closing of Logan Cemetery & fencing the same.

Cr Catto had arranged for this the expense of fencing being borne by the Dept.

31 Water Supply Department asking if Council has any objection to occupation under a grazing license of a water Reserve near Anderson's & Allens Boorong applied for by Mr A. Shaw. Council does object.

32 Treasury with an ofc £495 " 10/- being amount due to the Shire under the Licensing Act. Secretary had attended to this

33 D Guthrie Respondent ofc £11 " 4 " 8 for work done on Contract at Kingparnell. Ordered to be paid on motion of Cr Chalmers & ~~Laidlaw~~ Roos.

34 Municipal Water Trust League seeking Corporation of Council in effort to have 6 specific objects of the League carried into effect by Parliament

Cr Redwood
Cr Laidlaw } Council's support be given so far as stock & Domestic supply works are concerned. Carried.

35 Shetty Herdsman Wedderburn Common asking for authority to impound unregistered Cattle off the roads within the Common

Council refuses.

38 Shire of Rutherglen advocating a substantial increase in the stock tax

Refused

39 Shire of Gordon adhering to its original offer of £120 towards Cost of Yarrawidgee bridge Secretary was instructed to renew the application to the Govt for a grant toward this work.

40 Secretary East Loddon Shire asking Council to join in re-decking Salisbury bridge at a Cost of about £50

Cr Catto
Cr Redwood } That Council join in the work of providing a new deck.

Carried

41 Secretary for Agriculture enquiring when the Council intends to fence off the road at Armstrong's Parish of East Charlton

Cr Roos had authorised Armstrong to erect the fence for which the Council will pay a fair valuation.

Council approves

42 Mr Dillon late Shire Engineer explaining the circumstances under which the Contract 1570 Woorang had been sublet to Sheehy & Ritchie.

Referred to Engineer with authority to pay progress amount.

43 Ratepayers Wedderburn Junction & elsewhere asking Council to use its influence in having the Rly Gates left unlocked at the Rly Crossing about 1 mile South of Wedderburn Junction.

Upon the suggestion of Cr Roos it was decided to apply for the substitution of a Cow pit for the present Gate.

45 Saml. H. Smith Secretary Fire Brigade applying for a donation towards a Brigade about to be formed in Woore

In view of the fact that the County Board is negotiating for purchase of County plants, Council decided to postpone deciding upon the application till the Promoters of the local Brigade obtain more information.

46 Archibald Carmichael & other Ratepayers in the North Riding to excavate a land opposite the properties of Messrs. Beer Coutts & McGuire, near the intersection of the roads.

To be put on next years estimates

47 Wm. J. O'Brien Mr Petitioner with reference to a petition before last meeting asking for excavation of a dam or tank that the Mgr of the Common on which the dam or tank is to be made have promised £10 conditionally that Council expend £20. The writer urged that Council undertake the work at once.

Cr Redwood
Cr Coutts } That Council give £10 toward the work. CN

48 John R. Drummond & others wooding asking that the Yarroo Dam be cleaned out.

Cr Tassell
Cr Johnson } That the work be done at a cost not exceeding £15 0 0
CN

49 Daniel Foley applying for some Concession on his Contract Chapel Street Wedderburn.

Referred to Central Riding members.

50 H. Fowler applying for permission to erect a verandah to premises adjoining the Globe Hotel High Street Charlton.

Granted on usual Conditions.

51 R. J. Findlay Wy Chiltella Rly Station with a/c for £25 for repairs to buggy through timber having across the road during the interval between his passing and returning from Barraroo.

Cr Didlaw had inquired into this a/c & moved that the same be paid seconded by Cr Johnson CN

H. Holt with an a/c for clearing about 4 miles of road at £2 per mile this had been authorised by the Council & was now ordered to be paid on motion of Cr McGuire & Ross.

On motion of Crs Coutts & Redwood the sum of £14 was passed to Mr O'Shannessy on a/c work done by Irving & Pastors Poulett & Lamprett a/c for labour was ordered to be returned for certificate of Councillor

58 T. Cospani claiming payment for work done at Thompsons Dam.

No action

W. P. Flight a/c £2 for repairs to Culvert over Channel near Wedderburn

An a/c for £3 representing a bounes of £1 each on skins of 3 dingoes was ordd to be paid to the Wild Dog society Boot

63 Joseph Scone Rabbit Inspector with a notice to the President to treat the Barkers flat Common
On the motion of Cr Cotto Secty was directed to inquire what Truscott will charge for laying poisoned wheat on the Common to wbo done on private land.

64 Adam Graham Secretary Rly League Arnolds Bridge & Cr Cotto asking Council's support to their application for a trial survey from New bridge to Arnolds Bridge
Council agrees to support application for survey.

65 W. H. Williamson Wychitella asking Council to provide accomodation for watering sheep at South Wychitella tank.
Reply that no more money will be spent there till Williamson takes over town site to Council

66 W. Heidry for permission to encroach a few feet on road for purpose of moving his fence in a straight line between Royal Hotel & Mrs Kings W. town.
Referred to Engineer.

67 Ratepayers Logan for enlarging and clearing out tank there.

Cr McClark
Cr Ross } That Tenders returnable in 7 days be called for clearing out & enlarging the tank by 300 cubic yds.

Hon D. Coutts addressed the Council on the subject of wire netting. The New Zealand Co is prepared to supply netting to farmers through the Council, if the Council will bear the responsibility. An alteration of the law is required to enable Council to purchase netting and distribute it under the Vermin Destruction act. Suggests that if no loan is granted by the Government to Council should procure the netting from the Company. He asked Council to consider the proposal and if they approve of it an endeavor can be made to amend the law.

Correspondence resumed

68 Thos Kewly re payment due to him by Kiernan a Contractor for work North Riding

Cr Laidlaw
Cr Chalmers } That Kiernan be paid £25 on a/c of Voucher before Council to day & balance be held over till a settlement between the partners is expected.

71 Ratepayers North Riding, asking Council to clean out part of Mitchells tank, & to make a small retaining tank

Cr Procter
Cr Laidlaw } That tenders for this work at a cost not exceeding £25 be received within 7 days.

Health Correspondence

14 Notices of Typhoid Cases were received

The usual monthly reports of Inspectors Delaney, Dr McEniry, Dr Macveau Inspector Corbett, Gray & Satchwell were received

Inspector Corbett urged Council to pass a bye-law forbidding the keeping of pigs in the township of Charlton.
Council approved of the recommendation & it was decided that notice of a bye-law should be given later on.

Inspector Satchwell asked for instructions as to householders who do not comply with sight service requirements
also applying for the sum of £5 to make up half the fine imposed on McHughs Case he having accepted office upon the understanding that he would receive half penalties under the Health Act & this practice had been followed up to last meeting. He further asked that this condition of half penalties be inserted in his agreement — he also renewed his a/c for horse hire &c £5 held over from last meeting

Mathew Mitchell, Leightman W Carr submitted a list of those who do not comply with the requirements

Cr Gray
Cr Ross } That Satchwell be paid £5 0 0 to make up the half penalty in McHughs Case & that not charge for horse & buggy hire

Engineer's Report.

The President and Councillors of the Shire of Korong.

GENTLEMEN—

I have the honor to report having prepared plans and specifications for all works authorised at last meeting, tenders for which will be in to-day for your consideration.

NORTH RIDING

2.—According to instruction, I have had the Tanks at Lennon's Hotel, Charlton Road, and South Wychitella, fenced around with wire netting; and would have also had the one at Buckrabanyule Railway Station done but for the action of the Railway Department in not allowing the work to be carried out by the Shire, notwithstanding that I had previously applied for permission.

3.—The contract for repairing weighbridge at Charlton is now completed, and the bridge is in good order. The delay in carrying out this work was in consequence of the difficulty experienced in obtaining timber required; and for which I think the contractor is to blame. There are extras on this Contract amounting to L5 4s for necessary works, which could not be seen until the bridge was dismantled.

4.—I have measured up McNicol's Contract, Mysia and Fernihurst road, and finding he had done 6 chains more than specified have paid him for same, and have also settled matter for extra payment for spreading gravel, etc., according to instructions.

5.—Beer's Contract, No 1612, Loaming at Borung, is completed with exception of more rolling and timbering, he has done 3½ chains more than specified for which I recommend he be paid, as an addition to this contract about 9 chains of formation has been done in bad places on the road, with the concurrence of Cr Chalmers. And I would beg to recommend that about 5½ chains more be done near Bell's in low place at end of present formation.

6.—A plank having given way in the bridge over Kinypaniel creek, South of Paterson's, and Huggans, I gave instructions for it to be repaired, about a dozen new planks are required in the decking, and also some at wings where hollows also require filling. I would suggest that this be attended to at once.

7.—Wildish's contract, No 1603, forming, etc., by Harvey's and Foley's Mysia, is nearly completed, a little trimming and one crossing to be finished up. Finding that to make a thorough job of the formation 3 chains extra were required, I instructed the contractor to get it done, and trust my action meet with your approval. From the unfinished crossing near Foley's land about 30 chains of outlet drains should be cut to carry water from road into the Woolshed Channel.

8.—Kierce has delivered his contract quantity of loam on the road by Chalmers' and Leech's, Mysia. and is now getting loam to complete the whole length, about 11 chains more.

9.—Jenkins' contract, No. 1601, crossing by Robinson's, Charlton, is completed with the exception of a little trimming.

10.—Volich has completed contract by Smale's, Barrakee, which awaits final inspection. A culvert on the Hallam road I got Volich to metal at a cost of £1 1s to prevent earth going through planking and filling it up underneath, which will, I hope, be approved of. I would recommend about 15 chains of forming and loaming being done on this road near where Volich has done loaming.

11.—Mr Pattison, of Fernihurst, was pointing out to me that by cutting a drain in his paddocd, for which he will grant the council permission, a recommend the iron bridge, as it will be permanent, and there would be a likelihood of obtaining a much greater grant in proportion to the cost.

CENTRAL RIDING.

16.—I beg to report on the various works referred to at last meeting as follows:—

(a) By Winters and Stewarts, Connooer and Wedderburn road, about 56 chains formation required (of which about 36 chains should be gravelled), and the filling in with stone of scour across road and making crossing of same.

(b) By Quintrell's, Logan and Connooer Road a few chains of formation and a small footbridge, about 15 feet long, required.

(c) By Grainger's and Stewart's, Richmond Plains, about 5 chains formation and an open crossing.

17.—Regarding the catchment drains to Korong Vale reservoir, I beg to report that I have inspected them and would recommend that the bank in the Devil's Gully, at commencement of southern drain, which is the most important one, be lengthened and strengthened and a proper byewash made, and the drain increased in size for its whole length, about 1¾ miles, either by being widened or deepened; the latter would be preferable (as then there would be not so much chance of the bank giving way as is the fault of the existing drain, which is very shallow and made up in bank on the low side) but might be more costly than widening the drain and strengthening banks, owing to the rock met with in bed of drain in many places. I would, however, suggest that alternative tenders be invited, and would, if there be much difference in the cost, recommend the deepening of the drain. Upon receipt of instructions I will take levels and prepare necessary plans, etc.

This drain could, I am informed, be extended about two miles southward from the Devil's Gully; but if enlarged, as proposed, there will not, I am of opinion, be any necessity to extend it any further than at present. I will, however, if time permits, take a section to see where it can be taken to.

18.—The drainage of Korong Vale township requires improving, and I will, at next meeting, submit for your consideration plans and particulars in connection therewith, including other works required.

19.—Scarcity of water and the extreme hardness of the ground has been greatly against the contractors completing the works in hand, which would, with few exceptions, have been completed had the weather been favourable.

19A.—Regarding drain in front of Chisholm's shop, I would beg to recommend that the present pipes be continued towards Treble's and the drainage taken across the road by another pipe into the drain through Burge's, as the drainage will then have a freer get away.

19B.—With reference to road from Royal hotel to Magpie dam, I am of opinion that by altering the road in places a better and less expensive track will be obtained, and have therefore deferred making any estimate until I have made a survey, and will then fully inform you at next meeting.

SOUTH RIDING.

20. Contractor Ross has about the full quantity of stone for metal by McLindon's and O'Toole's on the ground, but not all broken yet.

21.—I beg to call your attention to the culvert near Lamprell, Hope creek, which is scoured out underneath and at sides and should be pitched throughout, and I would respectfully recommend that the work be done immediately as a flood would render the Culvert dangerous for traffic.

22.—A [illegible] and Maguire's [illegible] and it [illegible]
