Carried.

Adjourned till 2 P.M.

2 P.M. Business resumed the same Crs present.

Deputation. The President introduced Mr E.A.J.Carey who had claimed damage for having his land flooded & asked the Council to remove some of the banks along the Terricks Road. Since the recent flood he had foun that he would have been flooded any way & did not intend to press hi claim at any rate at present. He desired the Council to perform their promise made some time ago to turn the water into its natural channe. The greatest obstruction was at Hocking Bros' property.

Cr Thomas said that the bank complained of by Mr Carey had been ther for a number of years. The banks were placed on the roads to keep water out of the paddocks & it was utter foolishness to think the Council would have them removed.

SEP 15 1909

A clause of the Engineer's Report treating of the subject was read. The President did not think roads should be made watercourses. They should be filled up to their natural level. The water allowed to go its own course. No man should be compelled to take water that would not naturally flow over his land.

Moved by Cr Soulter 2nd by Cr Bissett:-

That the matter stand over until the Waranga Channel is completed Mr Carey agreed to this stating that he would take the risk, thanked the Council & withdrew. The motion was then put & carried.

Dairy Inspector. That he had registered I7 dairies & collected fees amounting to £3. I3 .- . That owing to the flood many dairies had been washed away. Received.

Inspector Johnson. That the North Riding of the Shire was practically clean. The recent floods caused great loss of stock in

Reports. in the eastern portion of the South Riding the principal sufferers being East Loddon, Albert Park & Auchmore Estates & also Mr Gittens of Pompapiel. The drowned sheep were skinned & left in the paddocks but the roads in places were almost impassable owing to dead sheep lying upon them. He had notified the owners with the result that almost the whole of the sheep had been either buried or burned. On 4th Inst. Mr Stanistreet of Auchmore informed him that he would have all the sheep removed off the roads & paddocks adjacent to main thoroughfares & destroyed. On I4th Inst i.e. IO days later he was at the intersection of the Tandarra to & Raywood to Durham-Ox roads & saw that nothing had been done to remove the nuisance caused by 400 Auchmore sheep which had been skinned 3 weeks before & left lying on the roads & in the paddock, close to the residence of William Dowsett residing on Mr Gittens' property with his young children. The stench was abominable. As such a time has elapsed since the offence was committed he recommended that he be prosecuted under the Health Act 1890 & awaited instructions.

Moved by Cr Ettershank 2nd by Cr Bissett:-

That a wire be sent to Mr Stanistreet that unless the carcases are removed or destroyed within 5 days the Inspector will be instructed to take proceedings. Carried.

- Secretary & Engineer. I. Referring to the recent floods comparatively little damage had been done in this Shire the main effect being the washing away of the approaches to bridges & scouring of formations. To keep the traffic open he had had the bridges repaired & temporary repairs made to formations.
 - 2. Setting out the inspections he had made covering all the main lines of road.
 - He had drawn 6 Contracts for the various repairs necessary as schedule of rates Contracts but surveying was out of the question.
 - Serious breaks had taken place on the Mitiamo Road. He had instructed Mr Rudkins to make it passable & Mr Kett to fettle up the Prairie Tramway. Very little gravel had been washed away.
 - 5. He had designed a bridge to be put in on the Prairie Road at the West & was awaiting Mr Kett's price for it.
 - Mr George Humbert asks for an opening in the formation on the North of his land to allow the water to drain off & suggesting the inser-

tion of a stone-crossing at a cost of about £17nor £18. He doubted whether the drain asked for would drain the allotment which however was really suffering from the excessive flood.

- That on the Terricks Road near Mitiamo the Railway Department had excavated a large dam & applied the earth taken out towards forming the road. He suggested that they be asked to gravel the formation which would not cost them much but would the Council.
- Messrs Harry & Sons desire to have a stone-crossing inserted in the formation on the Dingee Road East of Jager's to drain their land.
- That further formation should be made on the Mitiamo-Pine-Grove road in anticipation of further section of tramway.
- That the Contractor had laid the upper deck specified for the bridge on the last named road on that at old Mitiamo by mistake & asking instructions.
- Designing a scheme for treating the Terricks Road where complained about by Mr Carey. Asking instructions prior to survey.
- Asking permission to construct new wings to the Bullock Creek bridge Hayanmi, & generally repair it.
- That the Inspector of Accounts had visited the office & gone thro' the books & expressed his satisfaction therewith.
- That he had prepared the Statement of Rates & that there was a good credit balance but this after payment of balances on Contracts would just about square accounts.
- Asking that the President be authorized to initial alterations in the Rate-book.

Moved by Cr = ttershank-2nd by Cr Ettershank:-

That the Report be received.

Carried.

Moved by Cr Ettershank 2nd by Cr Coutts:-

That application be made to the Government for a grant of £600 to assist in repairing flood damage & that the Engineer prepare an estimate for the purpose. Carried.
